A MESSAGE FROM PVT. STEVE DELEWIN

MITCHELL FIELD, L.I., N.Y. - Pvt. Steve Delewin, known to many coinmen thruout the nation when he was one of the leading distributors and operators in New York City, is back from 15 months overseas, and convalescing at Santini Convalescent, AAF, Sub Post No. 1, Mitchell Field, L.I., N.Y. This is a convalescent home for soldiers who are returned to recuperate from their many months of overseas fighting.

Steve has had his leg in a cast for the past six weeks. "But", he said over the telephone to The Cash Box, "I want to get back in action again. I want to be there at the finish. I want to fight."

There are approximately 600 men at this convalescent base. 600 soldiers who have been hurt IN ACTION. 600 guys, maybe some boys from your home town, who have seen the really dirty end of this war, BUT, 600 men who want to GET BACK INTO ACTION AGAIN AND SEE THIS WAR THRU TO THE FINISH--for you and your kids.

"Gee", Steve told us, "these guys are lonesome. They're going nuts out here with nothing to do all day long, 24 hours a day. They're really swell guys, too, every one of them. So I sort of thought that the coin machine boys I used to know, and I know those coin machine guys are regular, would help. Maybe they can send us a few games and a juke box and some records. I don't want the boys to take these off their routes. I don't want them to lose anything. I know how I would feel, when and if I operate again, if someone came to me for something. But, maybe they've got a few extra old games laying around. Maybe they've got some old records. And an old juke box they can send us. Something that's been laying down in the basement for a while. We sure would appreciate it,- and 600 guys would say 'thanks' to the boys in the coin machines business - BUT IN A BIG WAY.

"We sure would appreciate your help, Bill, thru that great magazine you've made for this business, if you could help us guys here in this convalescent home get a game or two - just to keep us from going nuts. Maybe you could even dig up a juke box."

Well, you people in this coin machines business, I don't believe anymore need be said, but what one of our own coin machine boys, after 15 months in the Pacific, has just asked of you. If you feel like I do--SHIP THAT GAME RIGHT NOW - to: Private Steve Delewin, Santini Convalescent, AAF, Sub Post No. 1, Mitchell Field, L.I., N.Y.

P.S. (Maybe you could drop Steve a line or two. It only takes a second.)

CALIF. SCHOOL GIVES THANKS FOR PHONO.

SAN GABRIEL, CALIF. - The Garvey School District Coordinating Council, this city, sent a most enthusiastic letter of thanks to "Curley" Robinson (AOLAC, Los Angeles) thanking him for the juke box donated to the "Teen Canteen Club" of this school.

Such letters are of great value to coin trade. Should be kept on record by all organizations. Coinmen desiring copy can obtain one from "Curley" Robinson.

N.Y. LICENSE DEPT. HAS NO INFO. ON UPPED FEE

NEW YORK CITY - Herman Brothers, attorney for AOA (Arcade Owners Assn) reports investigation at offices of License Dept. here shows no record of possible increase in Common Show license from \$50 to \$150, covering arcades and bowling alley games.

Info received by Brothers was as of end '44, but did not give indications for '45 when license fee is to be upped, as per rumors rife in this city.

MIAMI REPORTED ISSUING PHONO LICENSES

NEW YORK CITY - Returning vacationers report that Miami is once again issuing licenses for phonos. Sometime ago Miami music coinmen reported that number of phonos and licenses were frozen. Ordinance was reported to have frozen number according to population.

NEWARK, N.J. SETS PIN LICENSE AT \$25.

NEWARK, N.J. - Report just received to the effect that the new ordinance being passed by City Council here will carry license fee of \$25. per year for all pin games and arcade type equipment.

As yet ordinance hasn't come thru. This license will be effective only in this city (largest in the state). Phonos continue to operate here without any license fee.

GENERAL ELECTRIC SEEKING PHONO INFO

NEW YORK - Noted merchandising and advertising counsellors, this city, who handle work for General Electric, Schenectady, N.Y., are questioning members of trade regarding potentialities of post-war phono business.

General Electric not only interested in possible number of phonos which can be sold post-war, but also would like to have figures for former years' sales, as well as much info as possible regarding juke box field.

TAX BUG BITES COLUMBUS FOR FIRST TIME

COLUMBUS, O. - For first time in history of this city, City Council is preparing to license coin machines of all types as well as impose occupational tax on operators, per number of machines operated. Ordinance now being prepared already read to coinmen here. After January 1 coinmen will again be called in and asked to comment on this ordinance.

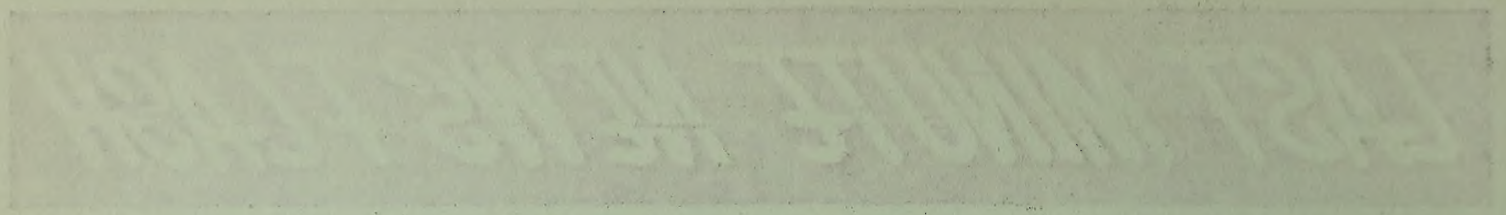

License fees are high. Occupational license fees on graduating scale. Ordinance, generally, does not show any knowledge of this biz. It is definitely against pay-offs, any type. Does not openly mention phonos but infers regarding "talkie-movie" machines as similar types.

Since this is first such ordinance ever prepared for this city, coinmen here are extremely anxious to have it done right. Have called in help. Ordinance needs complete revamping and much clarification. Columbus coinmen realize tax bug has bitten hard.

DUGRENIER CELEBRATES "E" AWARD JAN. 5

HAVERHILL, MASS. - Arthur H. DuGrenier, Inc., noted cigarette and merchandise machine manufacturers, this city, will celebrate the presentation of the Army-Navy "E" Production Award granted to the men and women of this firm for excellence in war production, on January 5 at the City Hall Auditorium in this city.

There will also be an informal dinner held at 6 P.M. on this same day at the Haverhill Elks Club.

"The Coin Machines Merry-Go-Round"

WHAT ABOUT TAXES ?

Almost every day news arrives from one state or another that coinmen fear the approaching meetings of their state and local legislatures because of the news that these legislators are seeking more revenue for their state coffers at this time.

This is occasioned by the fact that gasoline, cigarette and general sales revenue has dropped alarmingly in most states. Other sources of income have also dried up and many new sources, which were taxed for the first time during this war period, have proven duds. The horse racing ban will cost New York State over \$27,000,000.00. It will cost many other states many millions of dollars in revenue.

The eyes of legislators eagerly turn to coin operated equipment. This is but natural from the standpoint that coin machines have become so popular during this war period. The armed forces have made coin machines their especial pleasure. War workers, in almost every one of the nation's leading centers, have turned to them for amusement and relaxation.

Even youth clubs, which have been organized in an effort to prevent further youthful delinquency have also called for phonographs and other coin operated equipment. Cigarette machines certainly did spring into the national limelight with the cigarette shortage and made the front pages of newspapers.

In fact, wherever he turns, the average legislator or city councilman finds coin operated equipment of one kind or another, confronting his every move in daily life. It is small wonder, therefore, that he thinks of coin operated machines when he enters into his legislature or local council meeting and learns that revenue is sorely needed to cover present rising state and city costs of government.

The only hope which coinmen have at this time, to forestall excessive and possibly inequitable taxation, is to bring before these revenue seekers the story of diminishing returns which Uncle Sam learned when he overtaxed the jewelry and fur industries, and which this trade also learned when counter games were exorbitantly overtaxed. (This item was featured in the December 19, 1944 issue of the Cash Box). The economic law of diminishing returns still stands the coinman in good stead, even in these hectic and turbulent times.

It is extremely difficult for any coinman, or any business man at this time, to fight legislators who are planning increased taxation to gain greater revenue for their communities and states. And especially when they are asking for such revenue as a work-aid for the returning serviceman. But something must be done by business men generally or else this sort of tax effort, which is now so prominent thruout the nation, will simply push them out of business.

Certain economists are planning to present a schedule of uniform taxation which will, in one smash, cover all Federal, state and local government needs. Should this "Utopian" tax idea become fact, it will naturally work to the advantage of all business. But it is very hard to conceive of the average politician trusting a single collection source.

When a man knows, at the beginning of the year, just what his tax will probably amount to at the end of the year, and doesn't have to worry about suddenly being overtaxed and re-taxed and surtaxed many more times during the year, he can certainly better plan and conduct his business. But tho this sounds fine to all intelligent business men, it is too "Utopian" in character, especially for the average politician, to agree with.

The average coinman is in a most peculiar position. If he operates equipment which is more or less being tolerated by the local authorities, or if his equipment hasn't been completely "legalized" in his territory, he simply can't fight too hard, nor holler too loud.

He believes that the press and the average citizen would instantly swing into action against him, and perhaps knock him out of the picture entirely. At the same time, he has inward fears regarding putting up too much of a fight too openly, because he believes that the average citizen does not yet consider him a recognized, "legitimate" business man.

In short, the average coinman feels that he practically has two strikes against him when he starts fighting taxation. Yet, he must fight, or else. If he fights quietly, he knows that the cost will be unreasonably high. If he fights openly, he believes his chances are small. Surely, then, the one and only course that is open for him is to bind himself to a National Tax Council backed up by a Public Relations Bureau which can do his fighting for him.

The State of Texas, Tennessee, and many others, have already stated that they are more or less certain that coin machines will receive a severe pasting in their state

WHAT ABOUT TAXES?

Alas, ever since the advent of the coin-operated machine, the state of affairs has been one of confusion and uncertainty. The state of affairs has been one of confusion and uncertainty. The state of affairs has been one of confusion and uncertainty.

legislatures this year.

These men are not talking thru their hats. They have seen this coming on for some time. Every morning and afternoon, when they get a chance to glance thru their daily papers, they read of the loss of more and still more revenue for their states. They also read that their state legislature and local city council are getting ready to tax more businesses in an attempt to make up for this loss, so as to assure state and community the necessary revenue to continue on in a liquid and successful condition.

Everyone in this industry realizes that taxation is now becoming an ever greater problem. It has come to the point where many believe that unless something is done, and done quickly, that much territory will become unprofitable.

The average legislator understands that when he places a high tax against any business, that he simply cuts down the number of those businesses which can continue on profitably in his community. He also knows, from former experience, that excessive taxation simply pushes business out of existence, instead of encouraging it to continue to spend freely for further and greater expansion, development and employment in the community.

The men in this business must have someone who will come to the fore for them in all tax cases. They want a nationally noted figure to head a Public Relations Bureau or a National Tax Council who can represent them and speak with authority before legislatures proposing to tax much of this business out of existence. They simply must have some agency which can present logical facts and figures and prior precedents to law creating bodies.

The need for a Public Relations Bureau and a National Tax Council grows greater every time the tax bug bites. And this year of 1945 may find the tax bug biting deeper and harder than ever before.

THE "NEW YEAR SPECIAL"

At the beginning of each year The Cash Box presents an opening issue which usually sets the theme for the balance of the year. The "New Year Special" issue of 1945 will surely set the theme and will therefore be of greatest interest to all concerned with this industry.

The average coinman, who believed that reconversion would become a possibility even before 1944 was finished, is a much disappointed man at this time. He is now faced with a great many problems which have grown out of this disappointment.

The Cash Box does not claim that its "New Year Special" issue will answer all questions. It does believe, however, that this big issue, usually one of the most impressively outstanding of the year, will probably help to set the course toward solving a great many problems now puzzling the trade.

Therefore, if ever there was an issue which may be of tremendous help to all concerned with this business, surely the "New Year Special" issue will be such a number. This issue will be dated January 23, 1945. All printed page and half page ads will close for this issue on January 10, 1945. Advertisers who want to be well represented in such an issue should reserve whatever space they believe they will require immediately.

"STICK TO YOUR LAST"

There are, perhaps, a great many pessimists in this nation who regard this, or any other business not turning out bullets and tanks, as something that should be forgotten in view of the world shaking events now taking place.

But the average economist, who has made it a practice to carefully study the basic needs for the future development of a nation, realizes that the best job the average man can do is to stick to his last. He thereby assures the nation a more solid and continuing prosperous economy to which the men now at war can return with the complete assurance that they will find positions for themselves in the future growth and development of their nation.

Only by sticking to their lasts at this time can business men assure the nation that those boys who will return from this dirty fight will not have to stand on street corners selling apples again.

Stick to your last. Continue on to help make your industry great. Make it so great that it will be able to take care of many, many thousands of those returning boys and girls from the armed forces of this nation.

"TALKING OUT LOUD"

GREATER MORALE WORK '45 KEYNOTE

TRADE LEADERS URGE COINMEN GO ALL OUT TO HELP MAINTAIN AND BUILD EVEN GREATER MORALE BY COOPERATING CLOSELY WITH WAR EFFORT. FAVOR WAR BOND DISPLAYS ON ALL EQUIPMENT. WANT RECORDS FEATURING WAR BOND DRIVE SONGS. SEE BIGGER PUBLIC DEMAND FOR LOW PRICED AMUSEMENT IN '45

NEW YORK—To help make this a happier and better New Year; trade leaders urge that coinmen go all out to help the war effort in every possible fashion. They believe that even more and greater morale work by the members of this industry should be the keynote for 1945. They feel that this is the one sure way in which this industry will gain for itself greater respect and prestige. The trade will, at the same time, they claim, accomplish its purpose as an industry during wartime.

Among the many suggestions offered are: 1) That the trade feature displays which can be obtained from local War Bond drive headquarters on all equipment; 2) That records be used to help War Bond drives on every coin operated phonograph in the nation and that these records be placed in the most outstanding spots on each machine; 3) That trucks and cars of all coin firms be made available to each community for transporting blood donors and for picking up waste paper, etc.

"In fact", one leader writes, "this is the time for the industry to go even more all out for the war effort than ever before. There is no doubt that coin operated machines have been especially useful in helping to maintain and build morale with the armed forces and in war work communities. But this trade can do even more. And for 1945 we should make helping the war effort in an all out way the keynote of this industry."

Others explain that with a possible cut down in professional sports, which seems to be under way at this time and with the ban on horse racing, there is every possibility that the public will want even more low priced amusement than ever before. The general belief seems to be that coin machines are sure to enjoy one of their greatest years in 1945.

Many lament the fact that less machines are now on locations thruout the nation. They attribute this to the wear and tear which machines have gone thru and that even the newest equipment is over three years old at this time. Lack of parts becomes a greater problem as '45 comes into being. Many supplies and necessities are also becoming more scarce. With it all, leaders believe, coinmen can give more time and effort to their communities helping to build up and maintain greater morale.

The general feeling is that this industry should adopt a program for helping the war effort which will bring great respect to all engaged in this business. These leaders urge that everything possible that can be done by coinmen be done immediately. They believe this will help insure the future of this industry.

One leader writes, "This is one way to make 1945 a really Happy New Year — get all the boys together and have them give everything they possibly can to the war effort in their own cities. Let them work more closely with the community in helping stimulate everyone to do everything they can to help win this war fast."

Therefore, as the keynote of this industry for 1945 — the following is suggested: "All out effort to help win the war faster."

PFC PHILLIP ROTH KILLED IN ACTION

WILKES-BARRE, PA.—Max Roth, owner of Roth Novelty Company, this city, was just informed by the War Department that his son, Pfc Phillip Roth, was killed in action in Belgium on November 24.

The Cash Box joins all the trade and the friends of Mr. Roth in offering him most sincere condolences.

LICENSE BULLETIN ISSUED BY AOLAC

LOS ANGELES, CAL. — AOLAC (Associated Operators of Los Angeles County, Inc.) have again issued their yearly bulletin regarding license fees in their county.

This is one of the most complete bulletins issued by any organization in the country. It give a graduated scale of how taxes must be paid. It also explains that every game operated in Los Angeles County must have a current license affixed to it. Also tells where to obtain licenses.

PRIVATE CLUB ASKING FOR MACHINES IS SOLD ON OPERATOR INSTEAD

CHEVIOT, O. — Joe Westerhaus of Westerhaus Amusement Co., this city, revampers of "Invasion" and "Marines" pinballs, was written to by a private club in Detroit, Mich., this past week asking him to sell machines to them.

Instead, Westerhaus reports, "We recommended that they should not buy their own machines but operate them on a percentage basis with a reliable operator in their territory."

"They wrote back and said they thought this was a good idea and wanted us to recommend a reliable operator in Detroit."

SPORTS ATTENDANCE GIVES IDEA OF GAMES FOR POST-WAR MFR.

CHICAGO—A United Press survey of 1944 athletics showed, this past week, that six of the nation's leading sports, football, basketball, baseball, hockey, soft ball and horse racing, attracted an average of 15 per cent more fans during 1944 than in 1943.

Soft ball is reported to have once again been the nation's Number 1 crowd attracter. Professional baseball, National League Hockey and reports from pro football as well as from 70 colleges all show tremendous increases in attendance. Over 269,125,616 people attended games of these six sports during 1944.

Manufacturers interested in catering to public popularity for their post-war products can study the above six sports and be sure that games in these fields are going to get good play action.

GEORGE BENNETT SAYS WAR WILL END FEB. 21

SAN FRANCISCO—E. Geo. Bennett of M. A. Pollard & Co., this city, predicts that the war will end on Feb. 21st at 11 A.M. This prediction was made in contest sponsored by The Cash Box some months ago.

AOA REPORTS ARCADE PIC BY PARAMOUNT NOT OFFENSIVE

NEW YORK—Last week's (Jan 2) issue of The Cash Box "Last Minute News Flash" carried the item that Paramount Pictures was making a movie based on a Penny Arcade.

AOA (Arcade Owners Assn.) immediately went into action and their attorney, Herman Brothers, reports that a letter just received from Paramount indicates there will be no juvenile delinquency attributed to the arcade appearing in this picture, nor will the arcade be pictured as a hangout for crooks. The picture is so far entitled, "Cheezit The Cops".

AOA is being commended by its membership on this speedy action to assure arcade owners that this large film company would not produce anything which might in any fashion whatsoever hurt them.

VENDER AND CHANGE MAKER PATENTED

WASHINGTON, D. C. — This past week the U. S. Patent Office reported granting two coin machines patents.

One for a vending machine went to George C. Baumann and John E. Bolen of Morris, Ill., and Ernest H. Thompson of Winnetka, Ill., who assigned their patent to the Automatic Canteen Company of America, Chicago, Ill.

The other was for a change maker granted to Charles G. Emerson and Lee R. Cook of Rowlesburg, W. Va.

NEW HOME OF *Bally* PRODUCTS

MODERN 125,000 SQUARE FOOT FACTORY TO TRIPLE BALLY PRODUCTION

Future plans of the Bally organization call for production of new games immediately after the defeat of the enemy. For this purpose the new enlarged Bally plant, illustrated below, and now in full production on war products, is designed to insure rapid conversion to the products of peace.

In the post-war era, as in the past, "you can bank on Bally" for the newest in money-making coin-operated equipment. Lion Manufacturing Corporation, manufacturers of Bally games and venders.

Look To The GENERAL For LEADERSHIP

FOR THIS WE STRIVE, IN '45 . . .

As the New Year emerges, we believe it fitting to re-state the aims and ideals of the General — to continue furnishing operators throughout the country with the finest equipment and best possible service in keeping with the high quality standards we have maintained continuously, in peace-time and in war-time, since 1925. To all of you who look to the General for leadership, we send our sincere thanks and warmest wishes for a happy and victorious New Year.

AFRICAN EDUCATION

THE AFRICAN EDUCATION

The African education is a subject of great importance and interest to all who are concerned with the progress of the continent. It is a subject which has attracted the attention of many of the leading minds of the world, and it is one which has been the subject of much of the most valuable research and writing of our time. The purpose of this book is to provide a comprehensive and up-to-date survey of the current state of African education, and to discuss the various factors which are influencing its development. It is written for those who are interested in the subject, whether they are students, teachers, or members of the general public. The book is divided into two main parts. The first part is devoted to a general survey of the education of the continent, and the second part is devoted to a more detailed study of the education of the various peoples of Africa. The first part is divided into three chapters. The first chapter is devoted to a general survey of the education of the continent, and the second and third chapters are devoted to a more detailed study of the education of the various peoples of Africa. The second part is divided into four chapters. The first chapter is devoted to a general survey of the education of the various peoples of Africa, and the second, third, and fourth chapters are devoted to a more detailed study of the education of the various peoples of Africa. The book is written in a clear and concise style, and it is illustrated with many examples and statistics. It is a valuable contribution to the literature of African education, and it is one which should be read by all who are interested in the subject.

STAY HOME

It is the responsibility of every citizen to stay home and avoid public places to help slow the spread of the virus. Please do not go to work, school, or shopping unless absolutely necessary. If you must go, wear a mask and maintain social distancing.

WASH YOUR HANDS FREQUENTLY

Use hand sanitizer when soap and water are not available.

AVOID GATHERINGS

Do not attend large group events or gatherings.

Stay home if you are sick. If you have symptoms of COVID-19, such as fever, cough, or shortness of breath, stay at home and seek medical attention if needed.

Wear a face mask in public places. Masks help reduce the spread of respiratory droplets. Make sure the mask covers your nose and mouth and is worn properly.

Practice good hygiene. Avoid touching your face, especially your eyes, nose, and mouth. Clean and disinfect frequently touched surfaces.

Get tested if you are sick. Testing can help identify and isolate cases, preventing further spread.

Stay informed. Follow local health department guidelines and updates on the virus.

Be kind to others. Understand that everyone is doing their best to stay safe.

Thank you for your cooperation in keeping our community safe.

THE CONFIDENTIAL PRICE LISTS

AN EXCLUSIVE MERCHANDISING SERVICE FOR THE COIN MACHINES INDUSTRY ISSUED
EVERY WEEK BY: THE CASH BOX, 381 FOURTH AVENUE, NEW YORK 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
2. MEANS PRICE WENT DOWN.
3. MEANS MACHINE JUST ADDED TO LIST.
4. MEANS PRICES WENT UP AND DOWN
DURING THE PAST WEEK
5. MEANS PRICES REMAINED SAME AS IN
LAST PRICE LISTS.
6. MEANS NO PRICES QUOTED FOR
PAST TWO WEEKS
7. MEANS NO PRICES QUOTED FOR
PAST THREE WEEKS
8. MEANS NO PRICES QUOTED FOR
PAST FOUR WEEKS OR LONGER

IMPORTANT

Machines underlined mean these were most active
in trading the past week.

NOTICE! March, 1942. Market Prices for Wholesalers as per GMPR of OPA appeared in September 7, 1943 issue. Reprints are available.
